No.175/W3/52, dated 11-7-52.

Sir,

Sub: Colleges - Government Arts College, Mangalore - Purchase of furniture from outside the Jail Department.

Ref: Letter No.Rc.239/A2/53,dt.25-6-52 from the Director of Public Instruction, Madras.

In forwarding herewith the letter from the Director of Public Instruction, Madras cited above, together with its enclosures, I have to state that all the standardized articles of furniture, should be purchased from the Jails as per Article 12 Rule VII Instruction 2(a) of the Madras Financial Code, Volume I. However, I have no objection to the local purchase of the immediate requirement of articles of furniture from outside the Jail Department. The Superintendent, Central Jail, Cannanore has reported that if firm orders had been placed by the Principal at least during the month of June 1952, his orders would have been taken up and completed by the end of September 52.

Sub: COLLEGES—Government Arts College, Mangalore—
Purchase of furniture from outside the Jail
Department.

*****

The Principal, Government Arts College, Mangalore requests permission to purchase the articles of furniture mentioned in the enclosure to this letter, from outside the Jail Department. The Principal has explained in detail the need for purchasing the furniture from outside the Jail Department in his letter RC.No. 318.A/52 dated 4-6-52 a copy of which is enclosed herewith for favour of information.

He has submitted proposals to purchase the furniture from outside the Jail Department in the form prescribed under G.O. No.4270, Home Department, dated 8-8-1939.

The total cost of the furniture including freight etc. comes to Rs.5700/-.

The expenditure may kindly be sanctioned at an early date. The same will be met from the current year's budget allotment.

I also request that the Principal may be permitted to purchase the furniture from outside the Jail Department in view of the circumstances explained by him in his letter mentioned in para one above.

Yours faithfully,

for Director of Public Instruction.

Sub: Furniture for the College--Purchase during 1952-53.

Ref: Your Rc.No.607.A/50 dated 9-4-1951

***

In submitting herewith an indent for the purchase of articles of equipment required for the College during the current year, I request your sanction for incurring the expenditure of Rs.5180-0-0 towards the cost of the articles of furniture and Rs.520-0-0 towards packing and forwarding charges, total Rs.5700--0--0 from out of the allotment of Rs.6000--0--0 placed at my disposal under "Purchase and repairs to furniture--Contingencies" during the current year. The Particulars required are enclosed.

2. The quotations received from the Central Jail, Cannanore, and Karnataka Polytechnic, Mangalore, are much higher than the rates of the local manufacturers; and, also, packing and forwarding charges from Cannanore to Mangalore, will take at least 50% more. The difficulty of transport from Cannanore to Mangalore partly by Rail and partly by Road will also have to be considered and during the transit much damage will be caused to the furniture. If the Central Jail had been situated in Mangalore I would have preferred to get from them; but even then, Government Institutions take things so easily that they don't care to observe the limits of time accepted by them. And it is no good worrying myself and the other Departments with unnecessary correspondence.

3. Moreover, when better value, betterworkmanship and better material and quick execution of our orders, can be assured from other public concerns, we can't afford to neglect the interest of this institution which needs furniture very badly.

4. The Principal, Karnataka Polytechnic, Mangalore, reports that he will not be able to supply the articles within the appointed time. He was also not able to supply the articles ~~within the app~~ ordered year before last and he delivered some furniture only after the lapse of about 18 months. It is absolutely useless to order any furniture from Karnataka Polytechnic as I consider that any contract with them is perfectly valueless. They will take five years to delivery any furniture ordered now. Moreover, they themselves have refused now

5. The Local Manufacturers viz., The St.Joseph's Asylum Industrial Workships, Mangalore, use good quality of wood and also they are very prompt in their supplies of the goods ordered. The rates quoted by them are also much cheaper than others. Hence I may be permitted to purchase ~~xxxxxxx~~ outside the Jail and the Industrial Departments. The Government were pleased to permit the purchase of Furniture last year from outside the Jail Department for the reasons specified above and orders were placed with the local Manufacturers. The St.Joseph's Asylum Industrial Workships, Kankanady, supplied all the articles last year and they are of excellent quality and we received them within two months from the date of order, which no Government Department or Local manufacturers could assure us of. Moreover it is a charitable institution doing very good work and all the profits go to the maintenance of the charitable homes and orphanages under its care.

6. Moreover, I should point out that the college class rooms need furniture very quickly. New courses have been opened; and all these classes have to be accommodated immediately, and reports have to be sent to the University. I may point out that as the college was only

P.T.O.

a II Grade College with a High School attached, all its old furniture is rotten and moth-eaten and unfit to be used for College classes (i.e. small dual desks etc.): hence the urgency of the furniture.

7. Therefore orders may be obtained from the Government to permit me to order the furniture required for this College from the Local Manufacturers.

This may kindly be treated as urgent in view of the necessity explained in para (6) .

2. Date from which the need for furniture arose.

The Godrej Steel Cup Board is for the Principal for keeping the Confidential records and also question paper and answer paper packets relating to the University and other Examinations. The need for the same has been felt when the Examinations used to be conducted. The iron safe used at present was insufficient for the purpose, and could not hold the records.

Typists table and the typist chair are for the typist in place of the old ordinary table and chair with long legs which were quite unsuitable.

Student's tables and Benches with backs are for the class rooms to replace some of the old benches and desks, rickety and since condemned. They are also required for the class rooms newly formed consequent on the opening of new courses during 1951-52 and which will be opened during the current academic year. Classes will have to be formed only when the College reopens after Summer vacation on 23-6-1952 hence urgency of the articles.

Arm chairs and Tables with drawers :- These were the long felt need for the members of the staff whose number is increasing year after year as new courses are opened. Supplies are made with reference the funds available. The Lecturers have not got sufficient tables and chairs in the staff room.

3. Date on which the Jail Department was addressed.

The Superintendent, Central Jail Cannanore and the Principal Karnataka Polytechinic of the Industrial Department of Govt. were addressed on 23-4-1952.

4. Gist of the reply of the Superintendent, Central Jail, Cannanore.

The Superintendent of the Central Jail, Cannanore informs that the articles of furniture can be supplied before the end of September 1952.

5. Urgency necessitating local purchase. :-

As already represented in this office letter RC. No. 318 A/52 dated 4-6-1952 the articles of furniture are urgently required when the classes commence work in the last week of June 1952 or early in July 1952. But this is mere hope promise : phan as my carry out

The articles of furniture are more costly if they are to be purchased from Central Jail, Cannanore. Besides the difficulty of transport of the articles partly by Rail and partly by Road from Cannanore to Mangalore additional expenditure will have to be incurred By experience it has been found that the articles are not received in time according to our needs.

The local manufacturers are prepared to supply the articles within the time limit: the quality of work is much superior and the cost is lower than the Jail. [illegible]
